Building at Together.ai  
New York, New York, United States

## Summary

I'm a software engineer specializing in building full-stack AI applications using TypeScript, React and Next.js. My AI apps have a combined 3 million users between:

- roomGPT.io
- llamaCoder.io
- restorePhotos.io
- blinkshot.io
- pdftochat.com
- usenotesgpt.com
- aicommits.com
- explorecareers.io
- turboseek.io
- llamatutor.com

I currently work in developer relations at Together.ai where I do a mix of building AI apps, creating content, speaking at conferences/hackathons, and helping developers build with AI.

---

## Experience

### Together AI

Senior Manager, Developer Relations

January 2024 - Present (11 months)

San Francisco Bay Area

- Building open source AI apps that have gotten 500k+ users & 10k+ GitHub stars ([github.com/nutlope](https://github.com/nutlope))
- Creating content like blog posts & YouTube videos on AI, RAG, agents, finetuning, and LLMs
- Owning and completely revamping our documentation to teach about Together AI's products
- Managing the Together AI Discord & helping out customers with their problems and bugs

- Attending conferences & hackathons to give talks, demos, and educate folks on Together AI

## Vercel

2 years 2 months

### Senior Developer Advocate

August 2022 - October 2023 (1 year 3 months)

New York City Metropolitan Area

- Built AI web apps that amassed over 2.5 million users and 20k GitHub stars ([github.com/nutlope](https://github.com/nutlope))
- Created videos and blog posts related to Next.js, Vercel, and AI that amassed over 500k views
- Ran 10 tech meetups and conferences (100k+ registrants) that sourced pipeline for ENT deals
- Managed the Next.js Discord community of 50k+ developers and improved engagement by 250%
- Spoke at 7+ conferences on modern web development (React, Next.js, AI, Ecommerce, Serverless)
- Helped train over 250 new employees with technical explainer videos on Next.js and Vercel

### Developer Advocate

September 2021 - August 2022 (1 year)

San Francisco Bay Area

- Helped organize Next.js Conf, a web development conference with 70,000 registrants
- Spoke at 6 conferences on how to build modern web applications with React, Next.js, and serverless
- Supported many customers and Next.js developers through our Discord and Reddit communities
- Helped train over 100 new employees with technical explainer videos on Next.js and Vercel
- Ran 3 company meetups that helped increase our brand awareness and source pipeline

## Fig

### Developer Advocate

July 2021 - September 2021 (3 months)

San Francisco Bay Area

- Contributed thousands of lines of JavaScript to Fig's open source product including several PR reviews
- Improved developer experience by revamping the docs, writing guides, and doing weekly livestreams
- Grew Fig's community discord from 1k to 2k+ members and twitter from 3k to 4.7k followers in 6 weeks
- Redesigned and implemented a web app using React + TypeScript and wrote CLI parsers in Python

## Sleek

### Software Engineer

April 2020 - June 2020 (3 months)

San Francisco Bay Area

- Implemented several features in food ordering app using React, Redux, & JavaScript
- Helped migrate app to serverless backend running on AWS Amplify with DynamoDB & Lambda
- Developed GraphQL API schema & Node.js Lambda functions to connect front-end to back-end
- Helped Sleek ship V2 of their flagship app for demos to secure large partnership deals

## UltraShock Gaming LLC

### Founder & CEO

October 2015 - March 2020 (4 years 6 months)

Pennsylvania, United States

- Built a gaming community of 500,000 gamers across 7 steam groups
- Built a social media following of 150,000 through Twitter, Facebook, Youtube, and Twitch
- Grew an email newsletter to 135,000 subscribers through game giveaways and sponsorships
- Negotiated and signed 15+ contracts with individual developers and game studios

I ran UltraShock Gaming LLC, a digital game marketing firm that helps indie game developers from all over the world with creating effective trailers, beta testing, fundraising, game marketing, and social media growth with our talented team through strategic giveaways and carefully executed marketing plans. Sold business assets to three gaming companies.

## Education

Drexel University

Bachelor of Science - BS, Computer Engineering · (2016 - 2021)
